Kurzbeschreibung

When Hayden's fiancé breaks off their engagement, Hayden's whole world falls apart. After all, she has loved Heath Fitzpatrick since they were children. Though she can hardly believe he really wants the breakup, she picks up the pieces of her life and tries to accept the new situation.

But her efforts are thwarted time and again by the rest of the Fitzpatrick clan, who have always been part of her life—and who are notorious for being outspoken, persistent, and downright meddling. None of Heath's siblings are above adding their own two cents. Or twenty.

Even Heath himself, a daring firefighter, seems to be having trouble adjusting to his new single life. So how in the world is Hayden supposed to move on, forget the plans they made for the future, and get Heath off her mind? And even more difficult—she'll need to banish him from her heart, forever.
